Inventor Name: Yuegang ZHANG et al.

Division of Application No. 09/736,220

Filed: 07/22/2003 Group Art Unit: Not yet assigned
For: Method of Forming a Heterojunction of a Carbon
Nanotube and a Different Material, Method of Working a
Filament of a Nanotube

SUGHRUE Reference No. Q76092

SUGHRUE Telephone No. (202) 293-7060

1 of 6

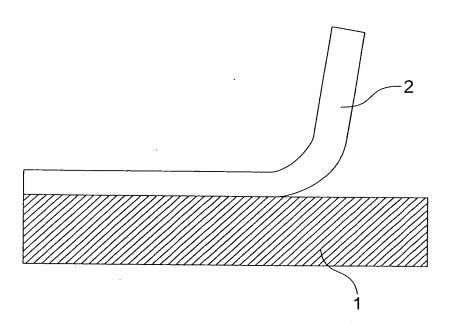

FIG. 1A

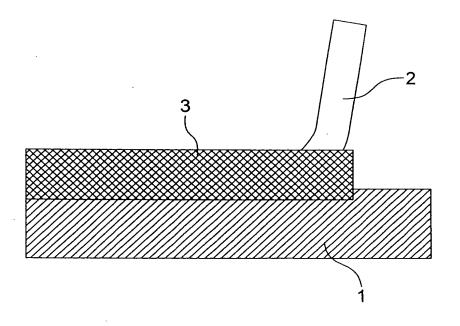

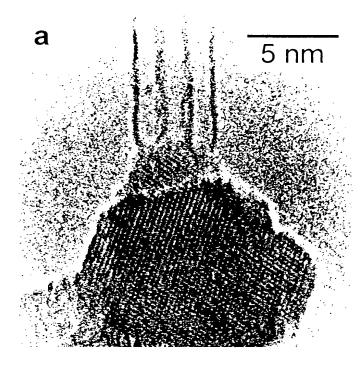

FIG. 1B

Inventor Name: Yuegang ZHANG et al.
Division of Application No. 09/736,220
Filed: 07/22/2003 Group Art Unit: Not yet assigned
For: Method of Forming a Heterojunction of a Carbon
Nanotube and a Different Material, Method of Working a
Filament of a Nanotube
SUGHRUE Reference No. Q76092
SUGHRUE Telephone No. (202) 293-7060
2 of 6

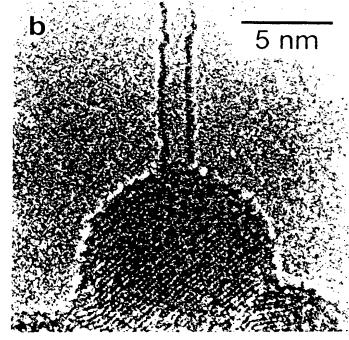

FIG. 2B

Inventor Name: Yuegang ZHANG et al.
Division of Application No. 09/736,220
Filed: 07/22/2003 Group Art Unit: Not yet assigned
For: Method of Forming a Heterojunction of a Carbon
Nanotube and a Different Material, Method of Working a
Filament of a Nanotube

SUGHRUE Reference No. Q76092 SUGHRUE Telephone No. (202) 293-7060 3 of 6

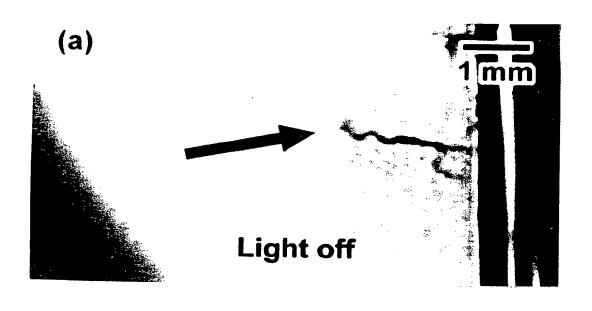

FIG. 3A

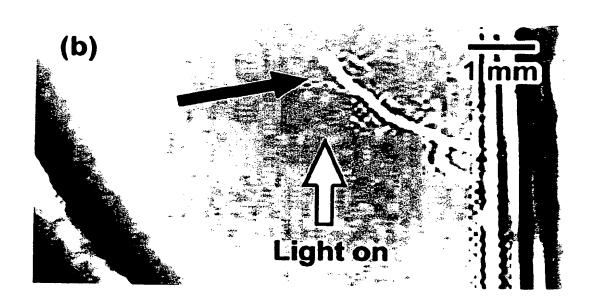

FIG. 3B

Inventor Name: Yuegang ZHANG et al.
Division of Application No. 09/736,220
Filed: 07/22/2003 Group Art Unit: Not yet assigned
For: Method of Forming a Heterojunction of a Carbon
Nanotube and a Different Material, Method of Working a
Filament of a Nanotube
SUIGHRUE Reference No. 076092

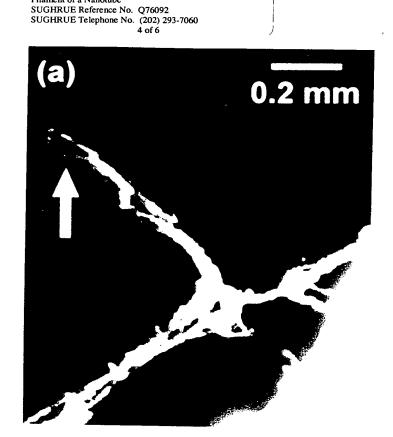

FIG. 4A

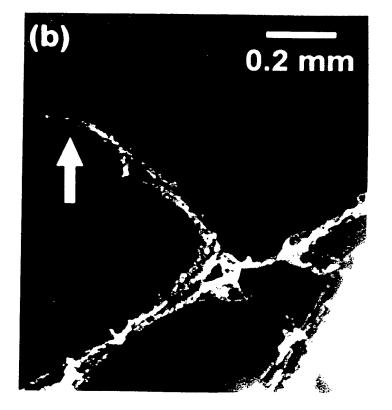

FIG. 4B

Inventor Name. Yuegang ZHANG et al.
Division of Application No. 09/736,220
Filed: 07/22/2003 Group Art Unit: Not yet assigned
For: Method of Forming a Heterojunction of a Carbon
Nanotube and a Different Material, Method of Working a
Filament of a Nanotube
SUGHRUE Reference No. Q76092
SUGHRUE Telephone No. (202) 293-7060
5 of 6

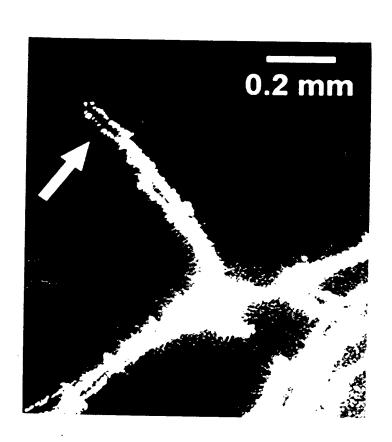

FIG. 5

Inventor Name: Yuegang ZHANG et al.
Division of Application No. 09/736,220
Filed: 07/22/2003 Group Art Unit: Not yet assigned
For Method of Forming a Heterojunction of a Carbon
Nanotube and a Different Material, Method of Working a
Filament of a Nanotube
SUGHRUE Reference No. Q76092
SUGHRUE Telephone No. (202) 293-7060
